- **2021 - Graphic designer, Seminar Hachadash, Jerusalem (substitute)** - graphic design of kits for institutions, etc.

I design for people - I like to hear how I can make it easier for them to use the various products, listen to their needs and desires. I enjoy learning and getting to know new software and improve my skills. I have a strong work ethic, efficient, can handle pressure and creative. I have a passion for design and art...

I believe that a challenge is not meant to be avoided but rather to think about how to solve it.
